

Jahmecca Brown

Hair and Makeup Artist

Jahmecca graduated from The University of Salford where she specialised in Media Makeup for Fashion. She then gained a foundation degree in Special Effects Makeup Artistry and developed her skills in wig and postiche application and prosthetics. She can work with people from diverse backgrounds and is trained in Caucasian to textured hair and light to darker skin tones.

She is currently working as a Hair and Makeup Artist on Hollyoaks and is able to run scenes with multiple artists on set alone, design and maintain looks on set, manage continuity, arrange a call sheet, scene, and breakdown scrips for prep, allocate realistic call times, cross overs, and changes. She can also dirty down and create cuts and bruises with small bondo transfers.

Jahmecca will make a great addition to your main team hair and makeup department.
