

## **Kerieann L**

### *Makeup Artist and Hair Stylist*

Kerieann has over 19 years of experience in the beauty industry as a professional media makeup artist and hair stylist. She lived in the US for 11 years, building strong reputable relationships with some of the top directors, hair and makeup designers and celebrities. Her abilities lie in providing natural, stripped back, aged or dirty down looks for film and TV and glowy, dewy and soft glam styles for red carpet occasions. She can also barber, layer on a moustache, beard and facial hair and she can do basic prosthetics. All of her work is underpinned by her unique skills and training in hairdressing, hair styling, and makeup. Kerieann's work ethic goes far beyond her media hair and makeup skills. Her professional manner, and her outstanding ability to work well under pressure and keep up in a fast-paced environment, has kept her in high demand with production teams.
